COMPANY PROFILE

BARAK IP LAW FIRM
PROFILE 2023

OUR FIRM

Intellectual Property Rights are increasingly being seen as important assets both for companies and individuals, therefore the obtaining and maintaining of such rights is vital to commercial exploitation of new ideas and products. The increasingly competitive environment faced by corporations and small business enterprise highlights the need for commercially relevant professional advice on all matters relating to Intellectual Property Rights.

BARAK IP provides strategic guidance, counselling and portfolio management in areas relating to Intellectual Property.

We work directly with both International and domestic based companies, organizations to small businesses to act as their legal advisors and representatives and to help them in securing, strengthening and enforcing their Intellectual Property rights in their chosen markets.

At BARAK IP, we are truly committed to provide services you can trust, with the relationship creating mutual benefit.

VISION

To spread the education awareness & services in Intellectual Property aspects in Pakistan & the world
